The Dafly Express has the following tlegram from Shanghai, dated Tuesday: "The rebellion continues to grow in intensity and the gravest fears are entertained of its ultimate extent. The foreign envoys at Pekin, fearing a massacre within the capital, have decided to bring up the guards of the legations. IDAHO CONTEST WARM.

Steunenberg Working Against a Senatorial Nomination.

joint convention of the Democrats, Populists and silver Republicans at Pocatello July II.

The rivals of Senator Dubois admit that if a senator is nominated there will practically be no opposition to Fred T. Dubois. The silver Republicans and Populists are practically solid for Dubois and indications as gathered from conventions already held show that a great majority of the Democrats favor nominating Dubois.

Steunenberg's friends think if the conventions leave the senatorial question open, neither nominating a candidate nor indicating to what party it shall go, that the Republicans will use their influence in favor of any one against Dubois, and thus enable a combination to be formed in the legislature favorable to them. The Steunenberg plan is for the Democrats to take the governor and state administration, giving the congressman to either the silver Republicans or Populists, and say nothing about the senatorship.

The governor will be a candidate for delegate at large to the national convention, and it is expected there will be a bitter fight against him.

DENY IT IS SMALLPOX. Salt Lake Physicians Agree With

(Special Correspondence.) Cheyenne, Wyo., May 27 .- Dr. W. W. Cook, the Cheyenne physician who said recently the disease which is epidemic through southern Wyoming and in Utah, and which has been called smallpox, is not smallpox at all, today received a letter from Dr. H. N. Mayo, city physician of Salt Lake. Dr. Mayo says he is now certain the disease is not smallpox. In his opinion, the disease is something new in this country, and was probably brought here by our soldiers from the Philippines. Dr.
